

L 340B IN ACTION

The 340B prescription drug program is a vital lifeline for safety-net providers, supporting critical health services in our communities. The program is narrowly tailored to reach only hospitals that provide a high level of services to low-income individuals or that serve isolated rural communities. Savings from the 340B program help hospitals meet the healthcare needs of underserved patients across the country. Congress should preserve and protect the 340B program as an essential part of the safety-net that does not rely on taxpayer dollars.
