In this three week summer program, you’ll see first-hand a wide range of high-demand healthcare professionals in action, including:

- Nurses
- Radiology Technologists
- Respiratory Therapists
- Physicians
- Physical Therapists
- Occupational Therapists
- Recreation Therapists
- Medical Interpreters
- Emergency Medicine Technologists
- Healthcare Educators
- Laboratory Technologists
- Pharmacists and Pharmacy Technologists

Eligibility:
You must be at least 15 years old and currently in 10th, 11th or 12th grade.

You’ll learn about:
- Your career interests and aptitudes, and leave with a career plan, resume and interview skills
- The educational requirements and the potential earnings for a wide variety of healthcare professions
- Educational programs for healthcare careers
- The rewards healthcare professionals find in their work

We’ll Provide:
- Lunch daily
- SEPTA tokens in cases of financial hardship

Application process:
Students will be chosen on the basis of an application, recommendation and interview. For an application or more information, contact Ellen F. Goldberg, Volunteer Services at 215-456-6059 or E-mail: GoldbergE@einstein.edu.

Application deadline: April 15, 2016
This program is dedicated to the memory of Stephen Niklauski, beloved son of Einstein employee Marie Niklauski.
